

NOSA Boat Share Program

NOSA's Boat Share program is an opportunity for NOSA members to use NOSA sailboats during the sailing season. The Boat Share additional fee covers the added boat maintenance costs incurred by NOSA and represents a cost equivalent to moorage of a similar sized dinghy at NOSA's Paddle Wheel Park site. **The Boat Share fee is \$100** (in addition to regular NOSA membership).

Boat Share Fleet

There are 5 boats available for Boat Share use. The sailing school has priority use of the Lasers, PICOs, C420s when in session. These 5 sail boats include:

- 2 Lasers** - single person performance sailing boats.
- 2 C420's** - two person high performance dinghies
- 1 PICO's** - entry level dinghies suitable for 2 smaller people or 1 average person.

All Boat Share boats are specifically marked for Boat Share use

	CANSail 2	Lasers PICO's Club-420	Allowed to Skipper during Learn to Sail programs under direct supervision of instructor OR Under direct supervision of responsible adult OR Allowed to Skipper at club events

Boat Share Responsibilities

Welcome to NOSA and enjoy the use of the Boat Share opportunities.

Remember: Be responsible and know your capabilities!

Minor Repairs and Losses

All boat share members have access to a 'boat first aid kit' that contains a supply of small parts that commonly go missing from boats. Members will note in the logbook any removals from this kit so that the kit can be re-supplied. Boat share members are responsible to repair any damages to the sailboats that occur during their usage.

Boat Share Director

A boat share member will sit on NOSA's board of directors to represent boat share interests and concerns. This director will be the first point of contact for reporting problems, losses and damages to boats.

The Boat Share Director is Doug Young - email: dyoung33@telus.net

Qualified Boat Share member is in the boat acting as skipper.

- **Do you have the experience to sail in the present winds? If not, do not take it out!**
- **Do you know how to rig the boat? If not, do not take it out!**
- **Do not stand in the boats to rig them. If you change the rigging return the boat to original configuration after sailing.**
- **The Coast Guard requires a bailing bucket and paddle on the boat.**
- **NOSA requires that you MUST WEAR a life jacket and a helmet!**
- **Make sure drain plugs are in the right place and clip in the rudder.**
- **Tell somebody where you are going and when you will be back.**
- **Log your use of a boat in the Boat Share Log and report any equipment problems to the Boat Share Director.**
- **You are responsible to report losses and damage to boats.**
- **YOU AGREE to be responsible for significant boat damage or loss.**
